

Special Education Went Online Overnight

Implement a Safe, Secure & Proven Method to Support Everyone Involved.

Technology isn't always equitable. IEP Equity helps everyone get on the same page, provides common language, provides a secure platform for sensitive information, and ultimately helps students, families, educators and administrators get the results they need.

IEP Equity offers turn-key, tech-based services that provide:

- Communication technologies that let any team member securely collaborate from anywhere
- Streamlined enterprise integrations so data sharing and reporting remains secure
- Logistical support that ensures FERPA and COPPA compliant communications
- Professional “*facilitation focused*” mediators who limit disputes by helping everyone communicate clearly in virtual meetings
- A clearer, supported path for everyone involved
- Better outcomes quicker
